

DONATIONS

All donations will be used for clinical and translational research related to movement disorders including Parkinson disease, Huntington disease, dystonia, essential tremor, ataxia and tardive dyskinesias. Funds will be used to cover clinic overhead, recruit a second movement disorders specialist to Memphis, purchase research supplies and equipment, and pay research assistants and coordinators. Currently, donations are not tax deductible.

Please make checks payable to:

Veracity Neuroscience LLC

In the Memo section of the check print: **Research Donation**
